

# Akiles ProLam Plus 330

## Dual Heat System Laminator

The Pro-Lam Plus 330 offers a heated plate and roller design giving you the best of both worlds when it comes to lamination. It laminates documents up to 10 mil without the need for a carrier.

## FEATURES:

- **Metal Cover (Dual Color):** For a longer lasting lifespan and a more professional, heavy-duty look.
- **Silicon Rollers:** Provide the flexibility of laminating with or without a carrier.
- **Ready Light / Power Light / Power Switch.**
- **Forward / Reverse Switch:** Allows easy corrective action for jams. i.e. when a document is improperly fed or temperature was set too high.
- **Heat / Cold Switch:** Offers cold lamination function.
- **Electronic Circuit (PCB) & Gradual Temperature Control:** For fast, consistent and easy fine-tuning of temperature. Ideal when operator requires frequent changing of pouch thickness, pouch composition or when laminating different materials.
- **13" Throat:** Extra-wide entrance for easy pouch feeding.
- **Dual Heat System (Heated Rollers & Heat Plate Combination):** For a more efficient lamination at lower temperatures. Allows for a perfect lamination of all standard pouch thicknesses (from 3 mils up to 10 mils).
- **Photo Ready:** Heated-rollers allow a balanced heat distribution during laminating process, thus guaranteeing a crystal clear, bubble-free laminating result even when you laminate photos and ink-jet printouts.

## SPECIFICATIONS:

|                           |                    |
|---------------------------|--------------------|
| - Model                   | ProLam Plus 330    |
| - Throat Capacity         | 330 mm (13")       |
| - Motor:                  | Heavy-Duty         |
| - Laminating Heat Range   | 176 - 320° F       |
| - Maximum Pouch Thickness | 10 mils (250 Mic.) |
| - Temperature Control     | Electronic (PCB)   |
| - Laminating Speed        | 540 mm/min         |
| - Cover                   | Metal              |
| - Weight                  | 19.8 lbs           |
| - Warranty                | 1 year             |
